## Profile

As a Game Design and Development student approaching the culmination of my studies at Universitat de Girona, I am eagerly seeking curricular internships to further enrich my skills and knowledge, not only on the game Industry but also on the computer science side. With a strong command of English and a commitment to continuous learning, I am prepared to work in an office environment or remotely from home. I am deeply passionate about start working and prove my level and skills

## Experience

**Casa Tarradelles**

6/2021 - 08/2021
6/2022 - 08/2022
6/2023 - 09/2023

Summer worker at a meat factory

## Education

**Tecnological baccalaureate**          09/2018 - 06/2020

Baccalaureate at Insitut de Taradell, with skills on technical drawing, physics, math and technology

**Game Design and Development**     09/2020 - 06/2024

Competence in programming with the most used Game Engines like Unity or Unreal, as well as modeling and animating using Blender. In addition, I possess knowledge programming in various languages like C, Python, SQL, PHP, HTML, and JS.
